

# Plat'Home Software License Agreement

1. Java Technology Restrictions. Licensee shall not create, modify, change the behavior of, or authorize licensees of Licensee to create, modify, or change the behavior of, classes, interfaces, or subpackages that are in any way identified as "java", "javax", "sun" or similar convention as specified by Sun in any naming convention designation. In the event that Licensee creates an additional API(s) which:

- (a) extends the functionality of a Java Environment; and
- (b) is exposed to third party software developers for the purpose of developing additional software which invokes such additional API, Licensee must promptly publish broadly an accurate specification for such API for free use by all developers.

2. Trademarks and Logos. This License does not authorize an end user licensee to use any Sun Microsystems, Inc. name, trademark, service mark, logo or icon. The end user licensee acknowledges that Sun owns the Java trademark and all Java-related trademarks, logos and icons including the Coffee Cup and Duke ("Java Marks") and agrees to:

- (a) comply with the Java Trademark Guidelines at <http://java.sun.com/trademarks.html>;
- (b) not do anything harmful to or inconsistent with Sun's rights in the Java Marks; and
- (c) assist Sun in protecting those rights, including assigning to Sun any rights acquired by Licensee in any Java Mark.

3. Source Code. Software may contain a limited amount of source code that, unless expressly licensed for other purposes, is provided solely for reference purposes pursuant to the terms of this License. Source code may not be modified nor redistributed unless expressly provided for in this License.

4. Third Party Code. Additional copyright notices and license terms applicable to portions of the Software are set forth in the THIRDPARTYLICENSEREADME.txt file.
